Press Statement

## **Bombings in India**

We are saddened by the brutal terrorist bombings that killed innocent civilians outside a mosque in Malegaon this week. There can be no justification for such heinous acts. We offer our deepest condolences to the families and loved ones of those killed in the attack and wishes for a speedy recovery for those injured. There have been far too many terrorist attacks on Indian soil. The United States is fully supportive of the Indian government and the Indian people and considers itself a full partner with India in its fight against terrorism.
